25X1X

1. Gravel shipments passing through Biederitz (M 53/Y 70) were doubled in mid-August 1950. Three or four trains daily went to Jueterbog-Altes Lager (N 52/Z 69), and five to seven trains to Koethen (M 52/D 95). Train personnel said that both airfields were being improved.
2. Two to four trains with gravel from Gerwisch (M 53/Y 70) arrived at Neuruppin (N 53/Z 49) daily for enlargement of the field. \*

25X1A

- \* [REDACTED] Comment. The report indicates that expansion work at the airfields of Jueterbog-Altes Lager, Koethen, and Neuruppin was not completed in mid-August 1950. From the increased shipments it is inferred that the work was intensified.

This document is hereby regraded to CONFIDENTIAL in accordance with the letter of 16 October 1973 from the Director of Central Intelligence to the Archivist of the United States.
